Education

UC Berkeley Computer Science BA

Aug 2018 – Present 3.8 GPA

Extracurricular: Upsilon Pi Epsilon (UPE) Computer Science Honor Society, Open Computing Facility (OCF) Staff

Coursework: Algorithms, Data Structures, Machine Structures, AI, Discrete Math, Probability Theory, Security

Experience

Software Engineer Intern 8th Wall

May 2019 – August 2019 Palo Alto, CA

- Constructed new sign up flow for new console account system using React, Redux, Express, AWS Cognito
- Programmed contract automation using Javascript, PostgreSQL, Stripe
- Automated application billing and upgrading

Linux System Administrator ISG UC Berkeley

Oct 2018 – Present Berkeley, CA

- Mass deployed a custom Unix OS onto hive of 100+ computers in Berkeley labs
- Prevented storage overload bug that would have caused system-wide crash
- Hosted and ran annual ACM International Collegiate Programming Contest

CS61B Academic Intern UC Berkeley

Jan 2019 – May 2019 Berkeley, CA

- Reinforce student knowledge of data structure concepts and algorithms as member of course staff
- Strong knowledge on OOP, Sorting Algorithms, Graph Traversal, Hashing, Runtime Analysis, and Binary Trees
- Staff weekly reviews for students; focus on conceptual application through projects, homework, and labs

President EVHS Robotics

Aug 2016 – May 2018 San Jose, CA

- Organized and hosted the 2017 FRC CalGames with 36 teams/2000+ attendees
- Won 2018 San Francisco Regional Engineering and Inspiration Award, qualifying FIRST Championship
- Programmed core robot subsystems, taught workshops, increased members by 30%

Projects

Alexa Skills Developer

Dec 2017 Node.js, AWS Lambda

- Developed 11 Alexa skills using Node.js and AWS Lambda with 7000+ unique users
- Tells users interesting random facts about the topic asked

BookAR

Feb 2018 C#, Unity, Vuforia

- Created a mobile app that recognizes and displays information about a book in augmented reality
- Winner of Most Useful Hack at EVHacks III

Cougle cougle.ml

Feb 2018 PHP, HTML, CSS, Linux

- Created an online anonymous peer-counseling forum with 300+ users to assist students in a high school with a 4:3000+ counselor to student ratio
- Demonstrated to and inspired school district board members to create an advice forum at our school

EVSD Web App evsd.club

May 2016 – May 2018 Meteor.js, MongoDB, Linux

- Developed a web app that handles all logistics, 400+ users, member balances, \$60k+/year, tournaments
- Responsible for server upkeep, configuration, and reliable operation

Skills

Languages: Java, Python, Golang, C++, Javascript, HTML/CSS, Scheme, LATEX, SQL, Robotics

Tools: Git, Linux, Bash, Vim, GDB, AWS, GCP, PostgreSQL

Libraries/Frameworks: Node, Meteor, Stripe, React, Redux, Express

Human Languages: English (native), Mandarin (fluent), French (proficient)
